Shortly thereafter he was wounded and returned in the summer of 1945 to Oliver General Hospital in Augusta. That is where he met his future bride, Mary Alice Bailey. They were married September of 1946. They returned to Lakeland, FL where he graduated from Florida Southern College. After graduation he went to work for Bibb Juice Company as Treasurer of the Company. In the 1960s they moved to Atlanta where he became a teacher in the Gwinnett County School System. According to AOPA: Yes. According to FAR 61.51(g)(4), "A person can use time in a flight simulator, flight training device, or aviation training device for acquiring instrument aeronautical experience for a pilot certificate, rating, or instrument recency experience, provided an authorized instructor is present to observe that time and signs the person's logbook or training record to verify the time and the content of the training session."

This Month's Question: Is there any reason a builder can't - or shouldn't - paint the tips of his prop?
