FAA STARTING NO-DRONE CAMPAIGN FOR WASHINGTON, D.C.

Especially after the recent news focus on drones, or even a gyrocopter, flying near the White House or the U.S. Capitol building, the FAA is starting a campaign about flying drones, or anything else, in the Washington, D.C., region. It has always been Federal law that aircraft may not operate within the Washington, D.C., Flight Restricted Zone, an area of about a 13- to 15-nautical-mile radius around the Ronald Reagan Washington National Airport VOR/DME, without specific approval. Transportation Secretary Anthony Foxx said in a May 13, 2015, media release that those restrictions apply to all unmanned aircraft. “Anyone visiting the DC area should leave their drone at home,” said FAA Administrator Michael Huerta in the release. “We want to make sure everyone knows and understands the rules about flying in the National Capital Region.” [Outreach materials](#) on the FAA’s website, which the agency is making available to federal, state, and local partners around the region, include “No Drone Zone” signage and warnings that federal law prohibits flying a drone in Washington, D.C., and that violators may face civil and criminal penalties. The FAA also is developing a GPS-driven smartphone app to inform recreational unmanned aircraft operators where they may or may not operate legally. It expects to release the app for Apple devices later in 2015.

ANONYMOUS COMMENTS BY FIXED-WING PILOTS WHO DISLIKE ROTARY WINGED FLYING VEHICLES

A helicopter is a collection of rotating parts going round and round and reciprocating parts going up and down -- all of them trying to become random in motion and allow the copter to fly.

Helicopters can't really fly -- they're just so ugly that the earth immediately repels them.

UPCOMING EVENTS

Listings on the "Upcoming Events" pages are often revised. Check the [Calendar](#) on the EAA 172 Website for any changes.

June 2015

Saturday, June 6: Triple Tree Aerodrome Fabric and Tailwheel Lunch Fly-In at the Triple Tree Aerodrome located between the towns of Woodruff and Enoree, SC, on Mary Hanna Road, Woodruff, SC 29388 (SC00). Annual Vintage Day event. ****Visit the Website for full details AND to purchase your lunch tickets**** Monitor Frequencies, Air 122.9 MHZ, Ground 123.9 MHZ Triple Tree Aviators would like to invite all Fabric covered and Tailwheel aircraft and their pilots to come out Saturday June 6th, 2015 for our third annual all Fabric and Tailwheel Fly-In and Lunch. Join us for lunch and land on our 7000' x 400' grass strip. Online registration and payment is required for lunch. Purchase lunch tickets online by Friday June 5, 2015 7:00 p.m. See Order Form Below. Drive-ins are welcome. Please, no camping, this is a one day event, sunup till sundown.
