A controller at Albany, Georgia, tower back in the '70s, recalls this exchange. There was a Cherokee on downwind, with the instructor introducing his student to radio procedures. Fortunately for the controller, their intercom locked on for a bit and he got all the dialog between the student and the instructor. It went like this:

instructor: "Say 'Albany tower.'"

student pilot: "Ah — Al-Albany tower?"

instructor: "'This is Cherokee 76 Whiskey.'"

student: "This is — is — Ch-Cherokee — ?"

instructor: "'76 Whiskey.'"

student: "Seven — 76 Whiskey?"

instructor: "'We are on left downwind for runway 22, touch and go.'"

student: "We are on — ?"

instructor: "... 'Left downwind for 22.'"

student: "Left down-downwind —"

instructor: "... 'Downwind for 22, touch and go.'"

student: "I don't want to learn to fly no more!"

If you did not receive a mailed newsletter but only the e-mailed *Pea Patch Post* and you also wanted the mailed version you need to contact club Secretary John Magnan at jcm2@earthlink.net and indicate that you want the newsletter mailed to you. This should be done by deadline date, which for October is September 25 which is also the deadline for any articles for the October issue.

Overheard on a flight from Central California to Southern California (maybe L.A. Center?):

Airliner (heard in background during radio transmission) : "We need peanuts!"

Controller: "Who needs peanuts?"

Airliner: "Um, disregard."
